Our Story

In 1983, Dirk De Vuyst relocated from Belgium to New York City to establish an office and distribution center for a large textile manufacturer in Belgium. He arrived at JFK airport with a credit card, 2 suit cases and a mission: go sell textiles in the USA! His efforts ultimately translated into a multimillion dollar investment by the Belgian company to build a spinning mill and weaving facility in South Carolina.

In 1989, Dirk became the CEO of a carpet and rug plant in Georgia. Leading a team of 250, he operated a full continuous extrusion and weaving plant, honed his leadership skills and his love for manufacturing.

In 1995, Dirk bought the assets of Intl Marble Industries, Inc. (IMI) in Woodstock, GA, refocused its operations on servicing only the Atlanta Homebuilder better. IMI introduced a "guaranteed 5-day install" to the Atlanta market. Soon the contractors began to take notice. In 1998, the company moved into a brand new 30,000 sq. ft facility on 5 acres in Bell Industrial Business Park.

By 2006, Atlanta homebuilders built 60,000 homes a year and IMI, with its 125 team members, would manufacture and install its cultured marble products for 18,000 of the 60,000 homes built per year!

During the Great Recession, IMI's management re-focused its resources on manufacturing shower bases and tub/shower surrounds for Hospitality, Multi-Family and Student Housing. IMI also worked on brand approval with all major flags. In 2011, the company set up its own supply line of shower glass enclosures in China offering all popular styles to the hotel

By 2010, IMI expanded its Woodstock, GA plant to 50,000 sq. ft. in 2018, it added a 30,000 ft distribution center in Canton, Ga, a few miles North of the plant

The IMI plant is an EPA Certified manufacturing facility. IMI key staff and plant managers are CCT-CP certified (Certified Composites Technician – Cast Polymer). IMI manufactures "MasterCast" cultured marble products using the latest in full, continuous automatic casting technology guaranteeing the most consistent product quality and value available.

Lead-times are critical to our customers and IMI's team works hard to ensure that our clients receive their order on their schedule, not ours. Delivering quality cast marble surrounds and shower bases on YOUR schedule is our top priority.

Cast Marble Solutions

IMI Facts

Dirk De Vuyst and Team IMI are proud to present our latest Spring 2015 Product Catalog. This new addition covers our largest collection ever of Cast Marble Solutions!

Since 1990 IMI continues to manufacture Cast Marble Solutions in its facility located in Woodstock, GA. IMI produces, packages and ships our cast marble products across the USA, Canada, South America, Europe and the Middle East.

IMI is focused on its core markets, and thoughtful in its business strategy. None of it would be possible without the unrelenting **commitment from our team**, the continued **support of our suppliers**, and most of all the **trust of our customers**.

IMI wishes you the best of success! We also look forward to meeting your needs during any phase of your project.

IMI Products:

- Cast Marble Products
 - Tub and Shower Surrounds
 - Shower Bases
 - Window Sills
 - Accessories
- Glass Shower Enclosures

IMI Industry Focus:

- Hospitality
- Student Housing
- Multi-Family
- Senior Living
- Military Housing
- Healthcare
- Resorts

Typical Delivery Methods

Full Truckload Flatbed Trailer or 53' Van

After IMI has produced your order and it is ready for shipment, unless otherwise specified, the material will be placed and shipped via a dedicated flatbed trailer or a 53' van. The order then ships FOB Woodstock, GA direct to the designated location.

A flatbed trailer is typically utilized for large Wall Surround orders while a 53' van is necessary for large Shower Base orders. For larger flatbed trailer deliveries, a forklift with a minimum lift capacity of 5000 lbs and forks at least 72" in length is required. A forklift as well as a pallet jack will be necessary for materials delivered in a 53' van.

Specifications 53' Closed Trailer:

- Inside Length 52' 3"
- Door Width 8' 2"
- Door Height 8' 7"
- Inside Width 8' 2"
- Inside Height 9'
- Max Weight 44K lbs

Ex: 53' Van

LTL Carrier

Ex: Typical flatbed trailer

Contact name and phone number is required at the job site prior to shipping.

Note: If liftgate is needed or appointment is required, additional rates and transit days may apply.

Less Than Truckload (LTL) LTL Carrier

After IMI has produced your order and it is ready for shipment, it will ship LTL (Less than a truckload).

As a rule, these shipments are sent in a 53' Van and will be stopped, unloaded and reloaded at several terminals before it arrives at the designated location. The typical transit time is 2-4 business days. While shipping LTL doesn't cost as much as shipping partial, there is a greater opportunity for damage to the product while en route. IMI will crate and package to ensure the safest delivery.

Rates for an LTL shipments are based on the origin and destination, weight and the product being shipped. Removing the product will require a pallet jack and a forklift with a minimum lift capacity of 5000 lbs. and forks at least 72" in length.

Cast Marble Solutions for Tubs and Showers

AT IMI WE TAKE CRATING SERIOUSLY!

We start with pre built components designed around an engineered crate supplied to us by a multi-billion dollar crate and pallet manufacturer.

Then we put the components together to assure maximum strength for transportation to promote damage free delivery of your products.

Final results: safely strapped onto a flatbed for delivery to the job site.

Trust us: paying for the extra crating cost will keep your job on schedule (no waiting for replacement materials) and your costs in check (minimize the extra freight)

Thank you for considering IMI to be part of another successful project!

Marla Double Bypass Sliding Glass Door

MSB-SW

Marla

Feature Highlights:

- Fully Frameless
- **Barn style wheels**
- Bypass door design
- Up to 4 in. in width adjustment Chrome, brushed stainless hardware finishes available
- Wall profiles for out-of-plumb adjustment
- 2 towel bar style handles

Specifications:

MODEL NUMBER: MSB-SW

DIMENSIONS

- 48 in., 54 in., or 60 in. wide x 78 in. height
- Overhead clearance 73 13/16 in.
- Up to 4 in. (102 mm) in width adjustment
- Up to 3/8 in. (10 mm) out-of-plumb adjustment

GLASS

- 3/8 in. (10 mm) clear glass
- ANSI certified tempered glass

HARDWARE

- Chrome finish
- Adjustable, gliding, stainless steel wheels
- Aluminum top rail, threshold and wall profiles
- Stainless steel 24 in. towel bar style handles
- Fully frameless glass design

STANDARD FEATURES

- Bypass sliding door
- Anti-collision blocks in wall profiles soften force on impact and keep doors locked in position

Meter-U Hinged Glass Door with Fixed Panel to Ceiling and U Channel

MHF-SW-U

Meter-U

Feature Highlights:

- Frameless
- Single pivot door with an inline panel to the ceiling
- Many options available
- Various configurations available within the same series
- Chrome, brushed stainless hardware available

Specifications:

MODEL NUMBER: MHF-SW-U

DIMENSIONS

- Door 28 in. (710 mm) wide x 72 in. (1830mm) height
- Inline panel variable width x variable up to 96 in. (2440 mm) height
- Up to 3/4 in. (19 mm) in width adjustment
- Up to 1/2 in. (12 mm) in height adjustment
- Up to 1/2 in. (12 mm) out-of-plumb adjustment

GLASS

- 3/8 in. (10 mm) clear glass
- ANSI certified tempered glass

HARDWARE

- Chrome finish
- Two (2) solid brass wall mount self-closing hinges
- Aluminum U-channel on three (3) sides of inline panel
- 6 in. (152 mm) back-to-back pull handle
- Fully frameless glass design
