

BARN DOORS

MIRARI BARN DOOR
BD-CT-MIR

MALTA BARN DOOR
BD-CT-MiR

Our barn doors offer a perfect blend of functionality and elegance, designed to meet a wide range of property standards. Every door comes standard with a soft-close system, ensuring quiet and secure operation. We offer multiple valance options to suit the aesthetic and brand requirements of your project—ranging from exposed sliding tracks to wood-covered or aluminum valances, with additional custom options available. Choose from painted finishes, durable laminates, clear or frosted glass panels, and even inset mirrors for added visual appeal. Our custom sizing options are competitively priced, making tailored solutions accessible without sacrificing value. To complete the system, we offer a full set of accessories including floor guides, lock mechanisms, and additional hardware to meet your installation needs.
